Three PhD positions are offered, see [IoTSec.no/PhD](http://IoTSec.no/PhD). Application deadline 31. January 2016

The **IoTSec - Security in IoT for Smart Grids** initiative was established in 2015 to promote the development of a safe and secure Internet-of-Things (IoT)-enabled smart power grid infrastructure. The [Research Project](#) received funding from the [Research Council of Norway](#) (RCN) to contribute to a safe information society.

## About

The IoTSec initiatives drives Research for secure IoT and Smart Grid

### #iotsecno

**Heidi Tuiskula** @HeidiTuis

23h

My new scientist idol Dang from @eSmart\_Systems is again presenting some amazing #BigData magic @iotsecno meeting.
