gap

What (A)

access creates  
opportunities

Paid

free access  
Internet light

Entrepreneurship (B) state of the

ecosystem

phones

- charging
- voucher ← prepaid
- repair
- sales
- ...

- art access
- community platform
- JSP hosting
- Web pages

1) SDG8 "growth decent work" Analyse Bachelor task, tools ⇒ 60

2) transform from analogue to digital evaluate & select Master task ⇒ 60

3) ← Task how to foster (digital) entrepreneurship? PhD topic ⇒ 60  
← result what the impact of free inform. access

4) (best praxis) Recommendation best strategies to be adopted

How?

baseline  
can I do my work

Ideal:

Literature reviewed (classic F2)  
(1) digital  
Interview with people (Stein)  
Focus Clap 3  
He has youtube video

real

① Which type he saw the type of text  
② If to get his ideas

\*1 yourself through others

select study area

↳ travel & site survey

bring "Internet light for all"

Components

entrepreneurial village platform

Reality

comparison/analysis/evaluation Impact

# TOC thesis

~~Essay (?)~~

1. Motivation (overview)
2. "use case" like today we are starting with digital entrep. in countries where digital isn't available.

⇒ options/alternatives

3. Evaluate relevant "technologies"/strategies  
- value platform

Master form

- TOC

bullets/keywords

4. "Design" of platform?

5. Implementation / Drawing

6. Evaluation

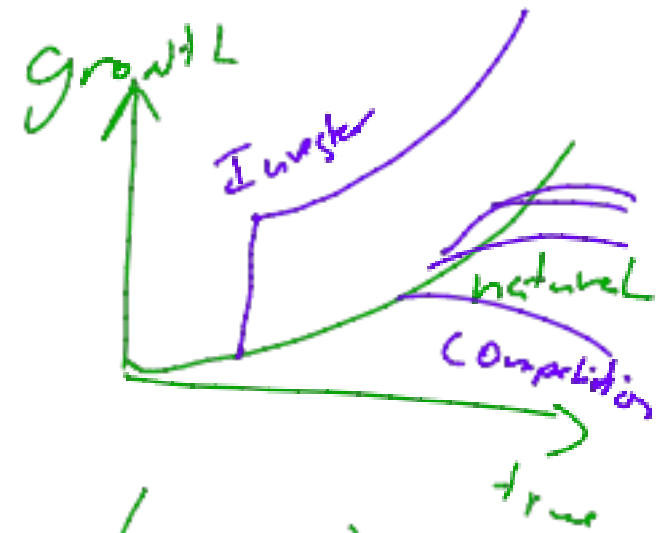

- ⊕ write the positive and backs
- ⊖ of your selected recommendation
