TOC

Title page, abstract, ...

1. Introduction, containing: short intro into the area, what is happening
 - 1.1 Motivation, containing: what triggered me to write about what I'm writing about
 - 1.2 Methods, containing: which methods are you using, how do you apply them
2. Scenario, optional chapter for explaining some use cases
 - 2.1 user scenario, (bad name, needs something bedre)
 - 2.2 Requirements/Technological challenges
3. State-of-the art/Analysis of technology, structure your content after hardware/SW (or other domains). Describe which technologies might be used to answer the challenges, and how they can answer the challenges
 - 3.1 technology A
 - 3.2 technology B
4. Implementation
 - 4.1 Architecture, functionality
 - 4.2
5. Evaluation
6. Conclusions

Red line

Your thesis should have a "red line", which is visible throughout the whole thesis. This means you should mention in the beginning of each chapter how the chapter contributes to the "goals of the thesis".
